Information Item	Item Review Schedule	Attachment B

Next Steps for NAEP Civics Framework Development Panel and Content Advisory Group (Closed Session)

August 6, 2026

Goal

The goal of this session is to discuss plans for moving forward with the work to update the 2032 NAEP Civics Assessment Framework, including contracts to convene a NAEP Civics Framework Development Panel and Content Advisory Group.

Overview

Earlier this year, the Board decided to proceed with an update to the NAEP Civics Assessment Framework for implementation in the 2032 NAEP assessments and beyond. In accordance with the Board policy on Assessment Framework Development, the Board sought [public comment](#) between February 13 – March 27 on whether and how the current NAEP Civics Framework should be revised. Thirty-eight submissions were received from a variety of organizations and individuals. A [summary of comments](#), along with the [full set of comments](#), was included in the May Board materials. At the May Board meeting, the Board adopted a [charge to the Civics Framework Development Panel](#) to officially launch the process of updating the framework.

Following the May Board meeting, the Board held a [panelist nominations process](#) from June 1-30 for individuals interested in serving on the Civics Framework Development Panel; 277 applications were received. Decisions on the slates of panelists for the Civics Framework Development Panel and the Civics Content Advisory Group are anticipated to be made during the Executive Committee meeting on August 6, based on recommendations from the Assessment Development Committee.

A procurement process is currently underway for two contracts to support the work of updating the 2032 NAEP Civics Assessment Framework: one to convene a Civics Content Advisory Group and one to support the work of the Civics Framework Development Panel. It is anticipated that both contracts will be awarded sometime in August.

During this session, Board staff Sharyn Rosenberg will provide an overview of the planned work for updating the 2032 NAEP Civics Framework and seek feedback and guidance from the Committee. The session is closed because it is anticipated that the procurement processes will still be underway at the time of the meeting.
